TEAM  
BUILDING

TOGETHER EVERYONE ACHIEVES MORE

# EVENTS DESIGNED JUST FOR YOU

Formby Hall Golf Resort & Spa are here to create those WOW moments that your team will be talking about for years to come.

Set in 200 acres of lush green parklands we have the space to host the most amazing team building activities and an experienced events team to design a bespoke event just for you.

## EVENTS WE CAN PROVIDE

- Creative
- Physical
- Music & Performance
- Brain Power
- Evening Entertainment
- Golf & Toptracer
- Sustainable Events

# CREATIVE

## The Big Picture

The Big Picture is a fantastic collaborative team activity which works really well to reinforce any key conference messages or company straplines. The activity involves your delegates working together to create a giant masterpiece work of art. You can even display the finished artwork back at your company HQ as a lasting memento of a great day.

## Film Making

This is creativity at its best – your group will be split into teams and each team will be tasked with recreating a short version of a famous film. There's a role for everyone from camera person, scriptwriter, director and of course your team will need plenty of budding actors. As an alternative format with more of a business focus, groups can be set the challenge to create an advert. Of course this fantastic activity culminates with your very own film premieres and Oscars Ceremony.

## Animate

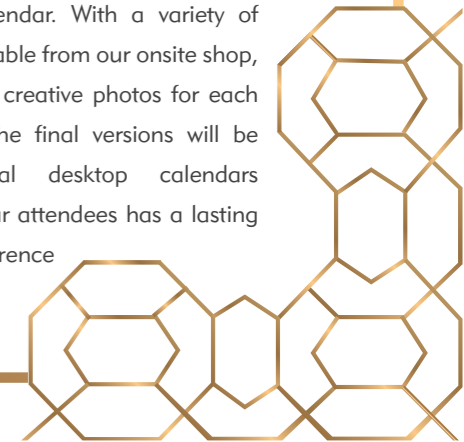

During this superb event, your delegates will work together to create a short stop-motion animated film, with the assistance of approved animation leaders. Animators is an event that we guarantee will be talked about for months if not years to come by your teams. This activity is fun, different, engaging...and above all, it breaks down barriers and allows your delegates to really get their creative juices flowing.

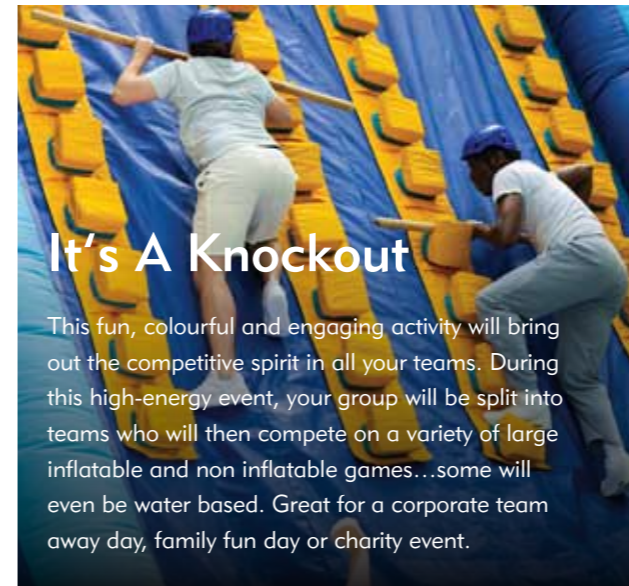

## Create The Date

This activity tasks your teams with creating your very own Company Calendar. With a variety of props and costumes available from our onsite shop, teams will need to stage creative photos for each month of the year.... The final versions will be printed as professional desktop calendars post-event so each of your attendees has a lasting reminder of the key conference messages.

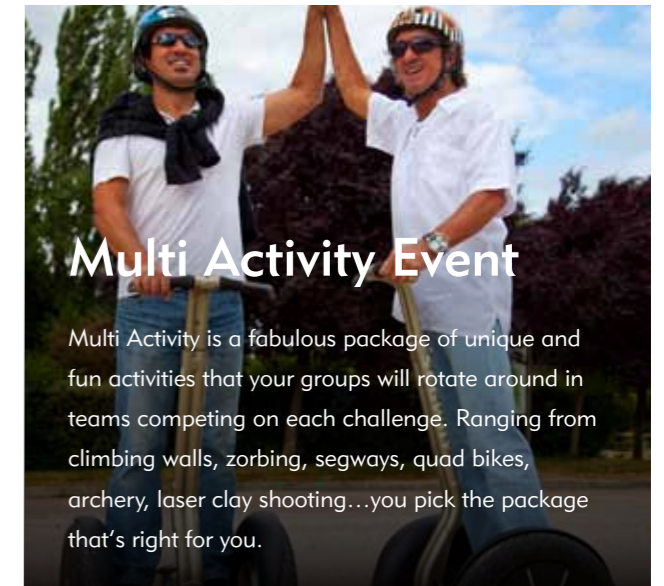

# PHYSICAL

## It's A Knockout

This fun, colourful and engaging activity will bring out the competitive spirit in all your teams. During this high-energy event, your group will be split into teams who will then compete on a variety of large inflatable and non inflatable games...some will even be water based. Great for a corporate team away day, family fun day or charity event.

## Multi Activity Event

Multi Activity is a fabulous package of unique and fun activities that your groups will rotate around in teams competing on each challenge. Ranging from climbing walls, zorbing, segways, quad bikes, archery, laser clay shooting...you pick the package that's right for you.

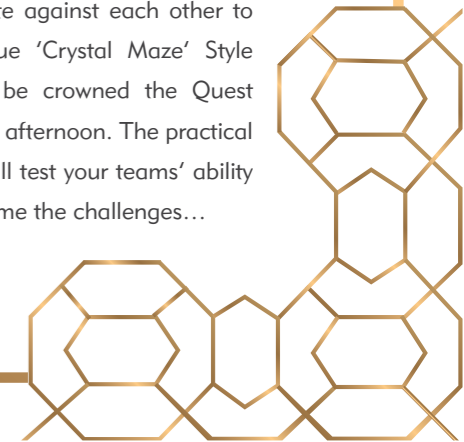

## Country Pursuits

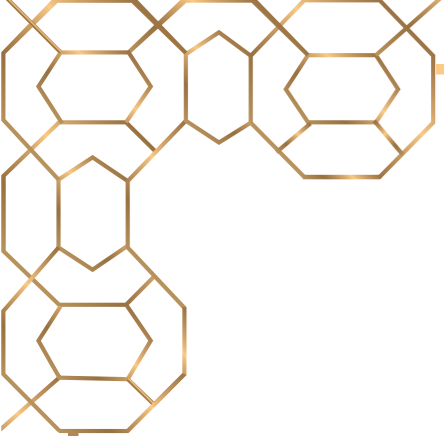

There's nothing quite like the great outdoors. Guests will leisurely rotate around a variety of quintessential English Country Pursuits...such as Duck Herding, Falconry, Laser Clay Shooting, Archery and Ferret Racing all washed down with a pimm's, pure bliss.

## The Quest

This half day challenge requires a real competitive spirit as your teams compete against each other to complete a series of unique 'Crystal Maze' Style Challenges, and hopefully be crowned the Quest Champions at the end of the afternoon. The practical and slightly physical tasks will test your teams' ability to work together and overcome the challenges... team building at its purest.

## MUSIC & PERFORMANCE

Thriller

The Thriller dance, from the ground breaking music video, was a worldwide sensation and now your team or even entire company, can break through the challenge of performing it together. Your group will learn, practice and perfect the most famous dance routine in pop history. Our professional choreographers will take your group through the steps and shapes to become your very own zombie dance troupe.

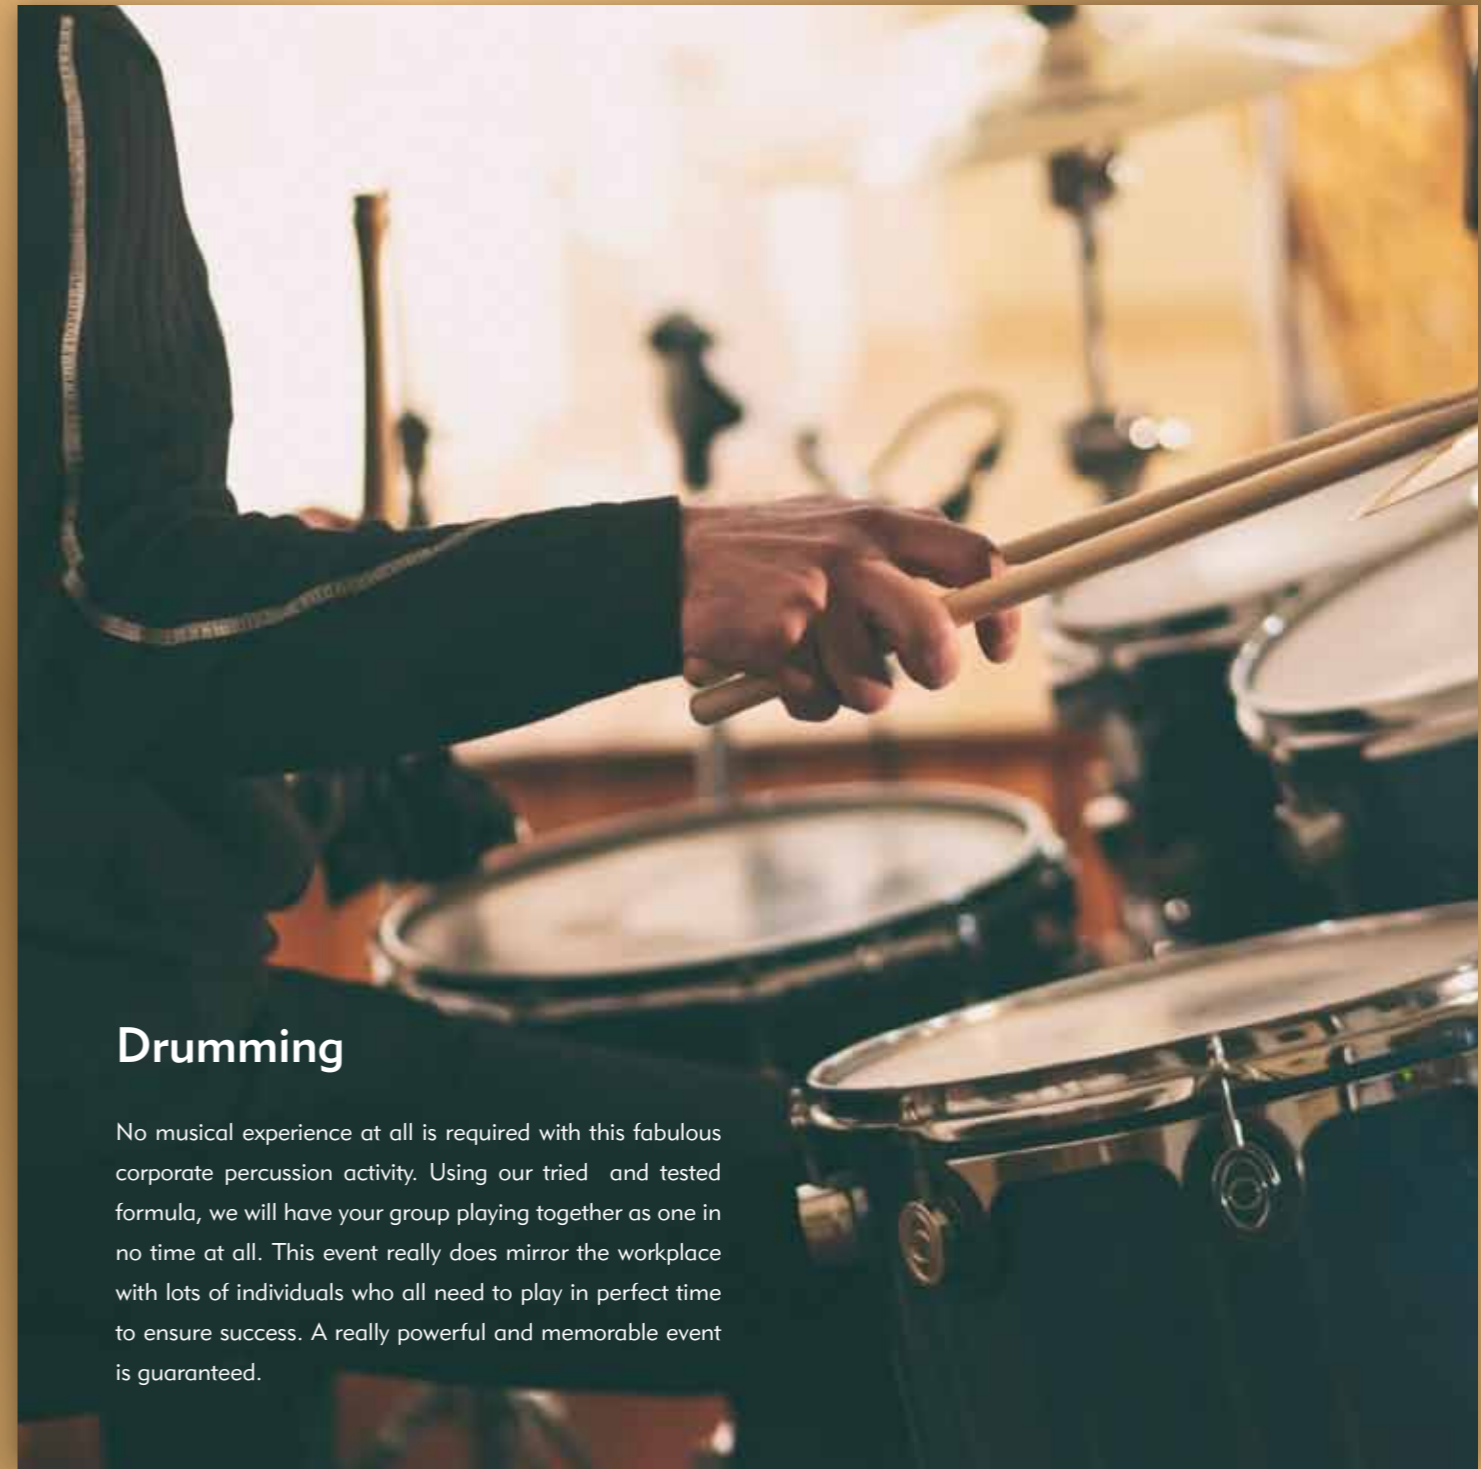

The Haka

Your Haka master will have your group working as one tribal team and totally focussed in perfecting this ancient ritual. Raise the roof with your own tribal power and add a new dimension to your team. This event is littered with business metaphors such as One Team, Passion, Winning – we really will make the hairs on the back of your neck stand up.

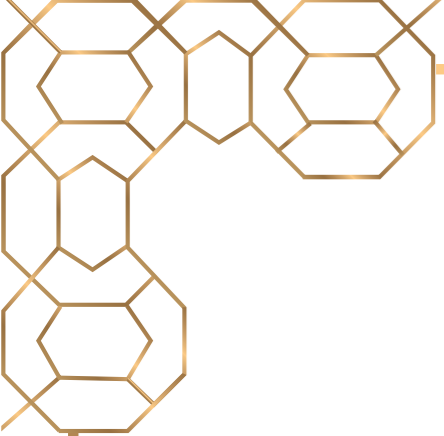

Junk Funk

We transform your group of any size into a high performance Junk percussion orchestra. This is not only thinking out of the box, this is actually playing the box. Piles of very strange but familiar looking items soon become the bizarre sections of your orchestra. Just like the real thing, we have mini teams playing vital different musical parts. All manner of buckets, ladders and bins soon become your pallets of sound.

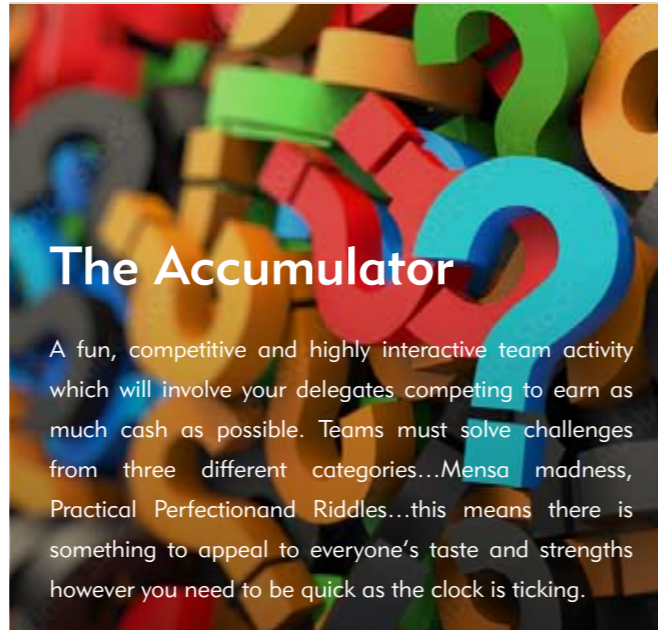

Drumming

No musical experience at all is required with this fabulous corporate percussion activity. Using our tried and tested formula, we will have your group playing together as one in no time at all. This event really does mirror the workplace with lots of individuals who all need to play in perfect time to ensure success. A really powerful and memorable event is guaranteed.

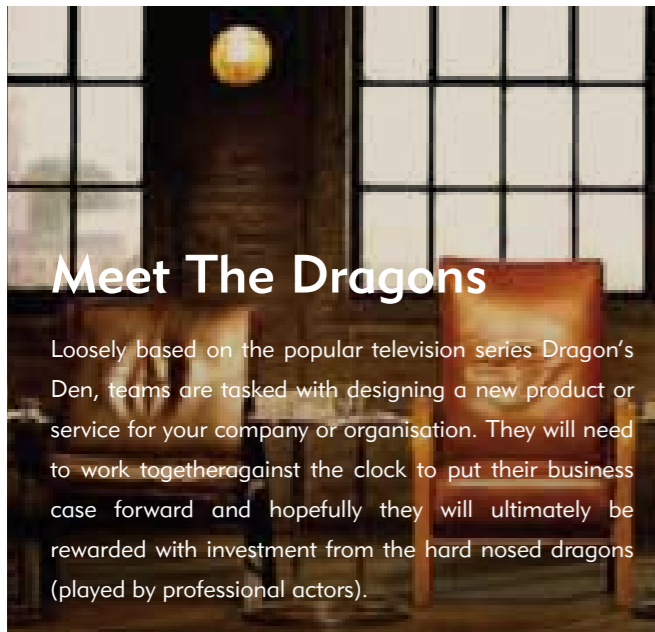

## BRAIN POWER

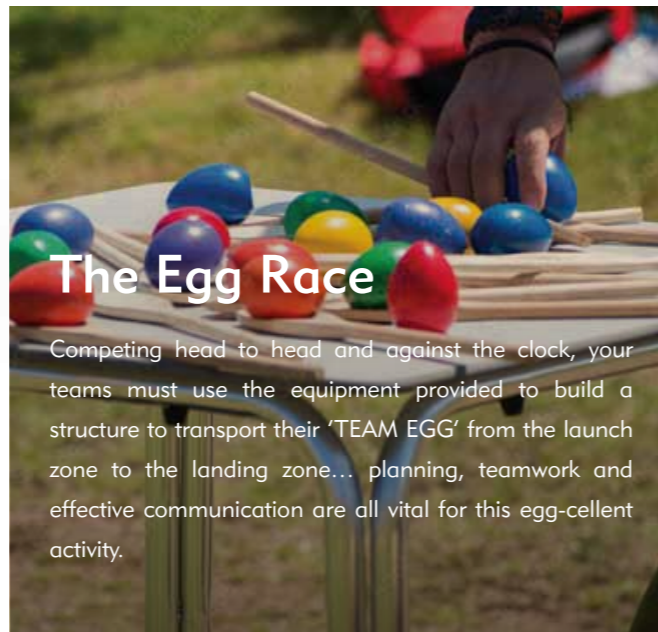

### The Accumulator

A fun, competitive and highly interactive team activity which will involve your delegates competing to earn as much cash as possible. Teams must solve challenges from three different categories...Mensa madness, Practical Perfection and Riddles...this means there is something to appeal to everyone's taste and strengths however you need to be quick as the clock is ticking.

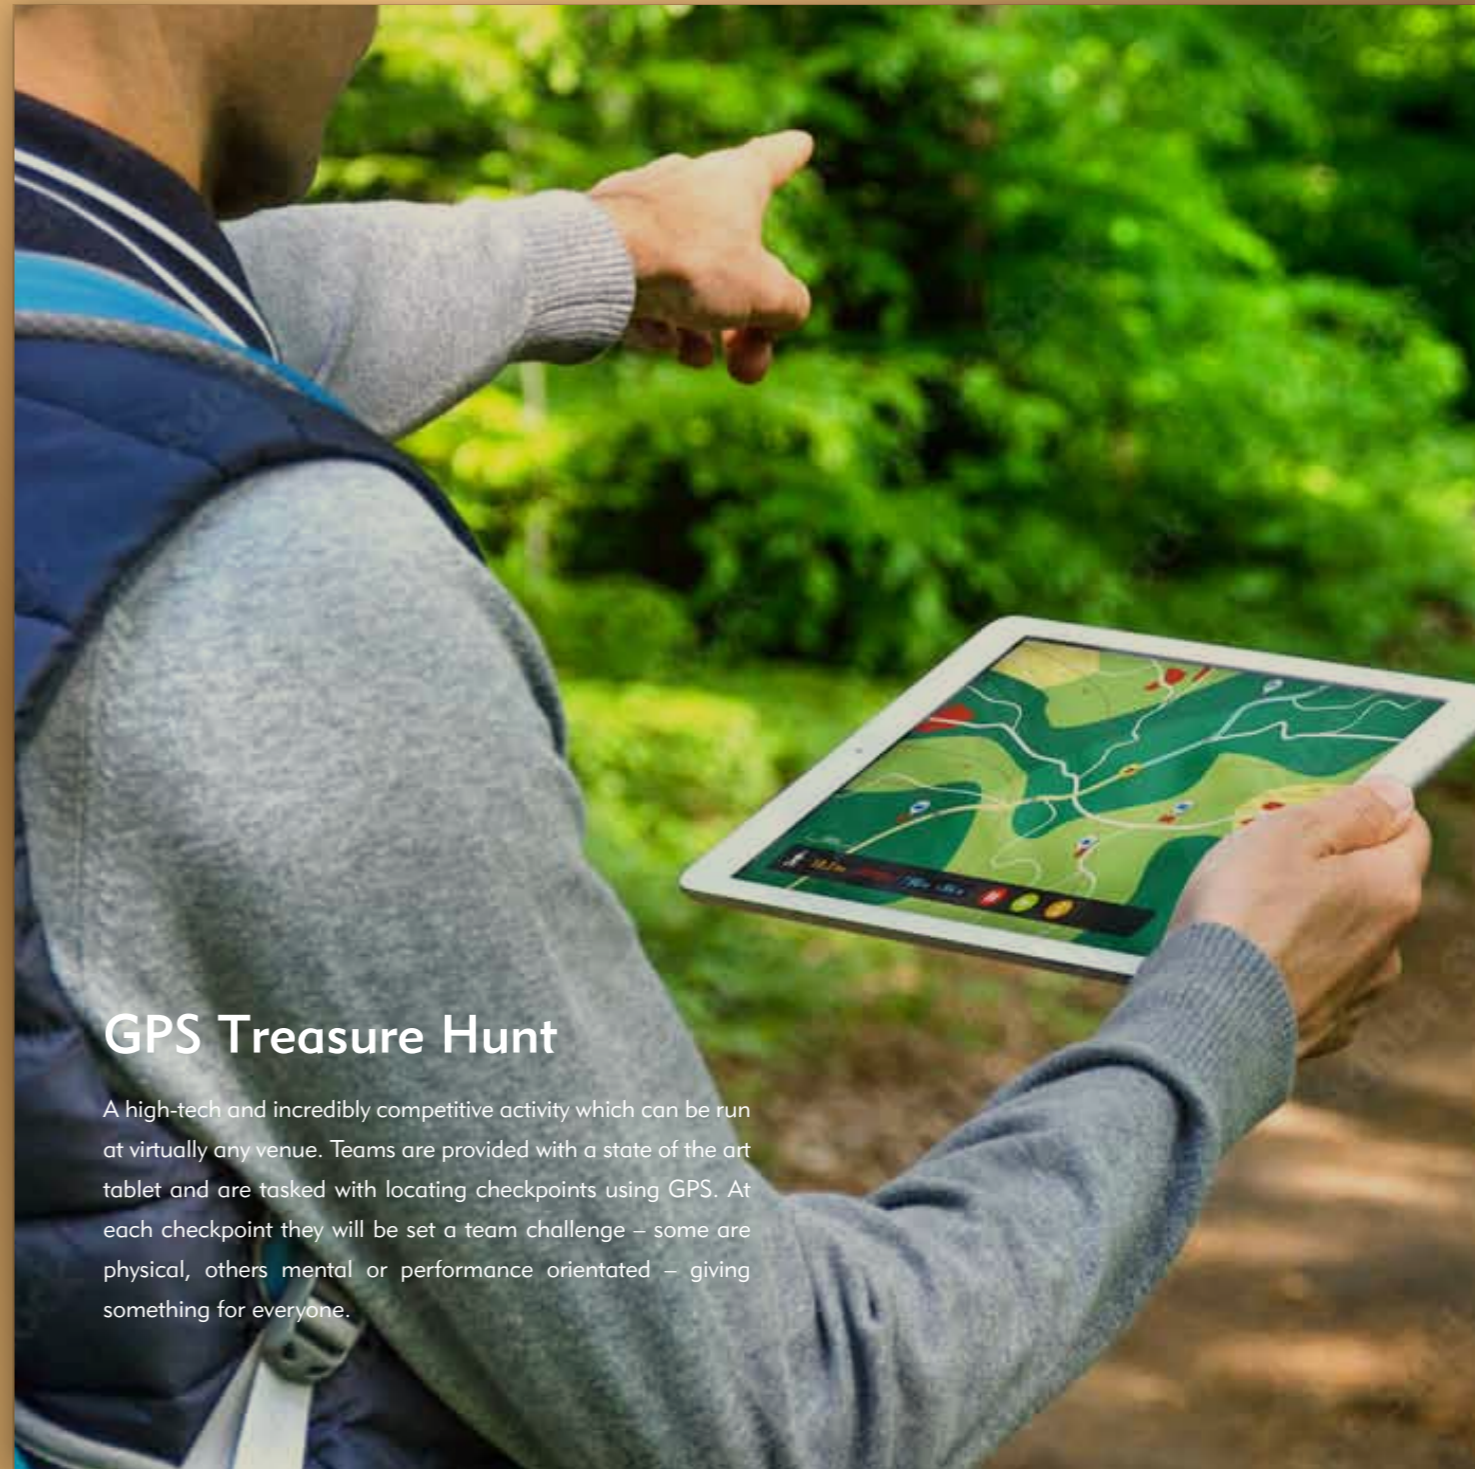

### Meet The Dragons

Loosely based on the popular television series Dragon's Den, teams are tasked with designing a new product or service for your company or organisation. They will need to work together against the clock to put their business case forward and hopefully they will ultimately be rewarded with investment from the hard nosed dragons (played by professional actors).

### The Egg Race

Competing head to head and against the clock, your teams must use the equipment provided to build a structure to transport their 'TEAM EGG' from the launch zone to the landing zone... planning, teamwork and effective communication are all vital for this egg-cellent activity.

### GPS Treasure Hunt

A high-tech and incredibly competitive activity which can be run at virtually any venue. Teams are provided with a state of the art tablet and are tasked with locating checkpoints using GPS. At each checkpoint they will be set a team challenge – some are physical, others mental or performance orientated – giving something for everyone.

# EVENING ENTERTAINMENT

## Interactive Evening Entertainment

Spice up your evening with some fun participation before, during or after dinner. Lots of options available including:

- Casino Night • Race Night • Game Show Evening
- Pub Night • Indoor Fun Fair • Murder Mystery
- Arcade Evening

## Experiential Entertainment

Why not try something new at your next conference by giving your group an experience they won't forget. Options include:

- Ice Sculpting • Cocktail Masterclass • Wine Tasting
- Gin Workshop • Samba Dancing • Magic Workshop
- Chocolate Workshop

## Acts & Performers

Mesmerise your guests with our fabulous range of top quality acts, all perfect for adding that little extra to your next event. Lots of options available including:

- Ipad Magicians • Digital Caricaturists • Silhouette Artists • Dancers • Human Statues • Singers • Bands

## Themed Evenings

Lots of theme ideas available to complement your next Awards Ceremony, Christmas Party or Gala Dinner, including:

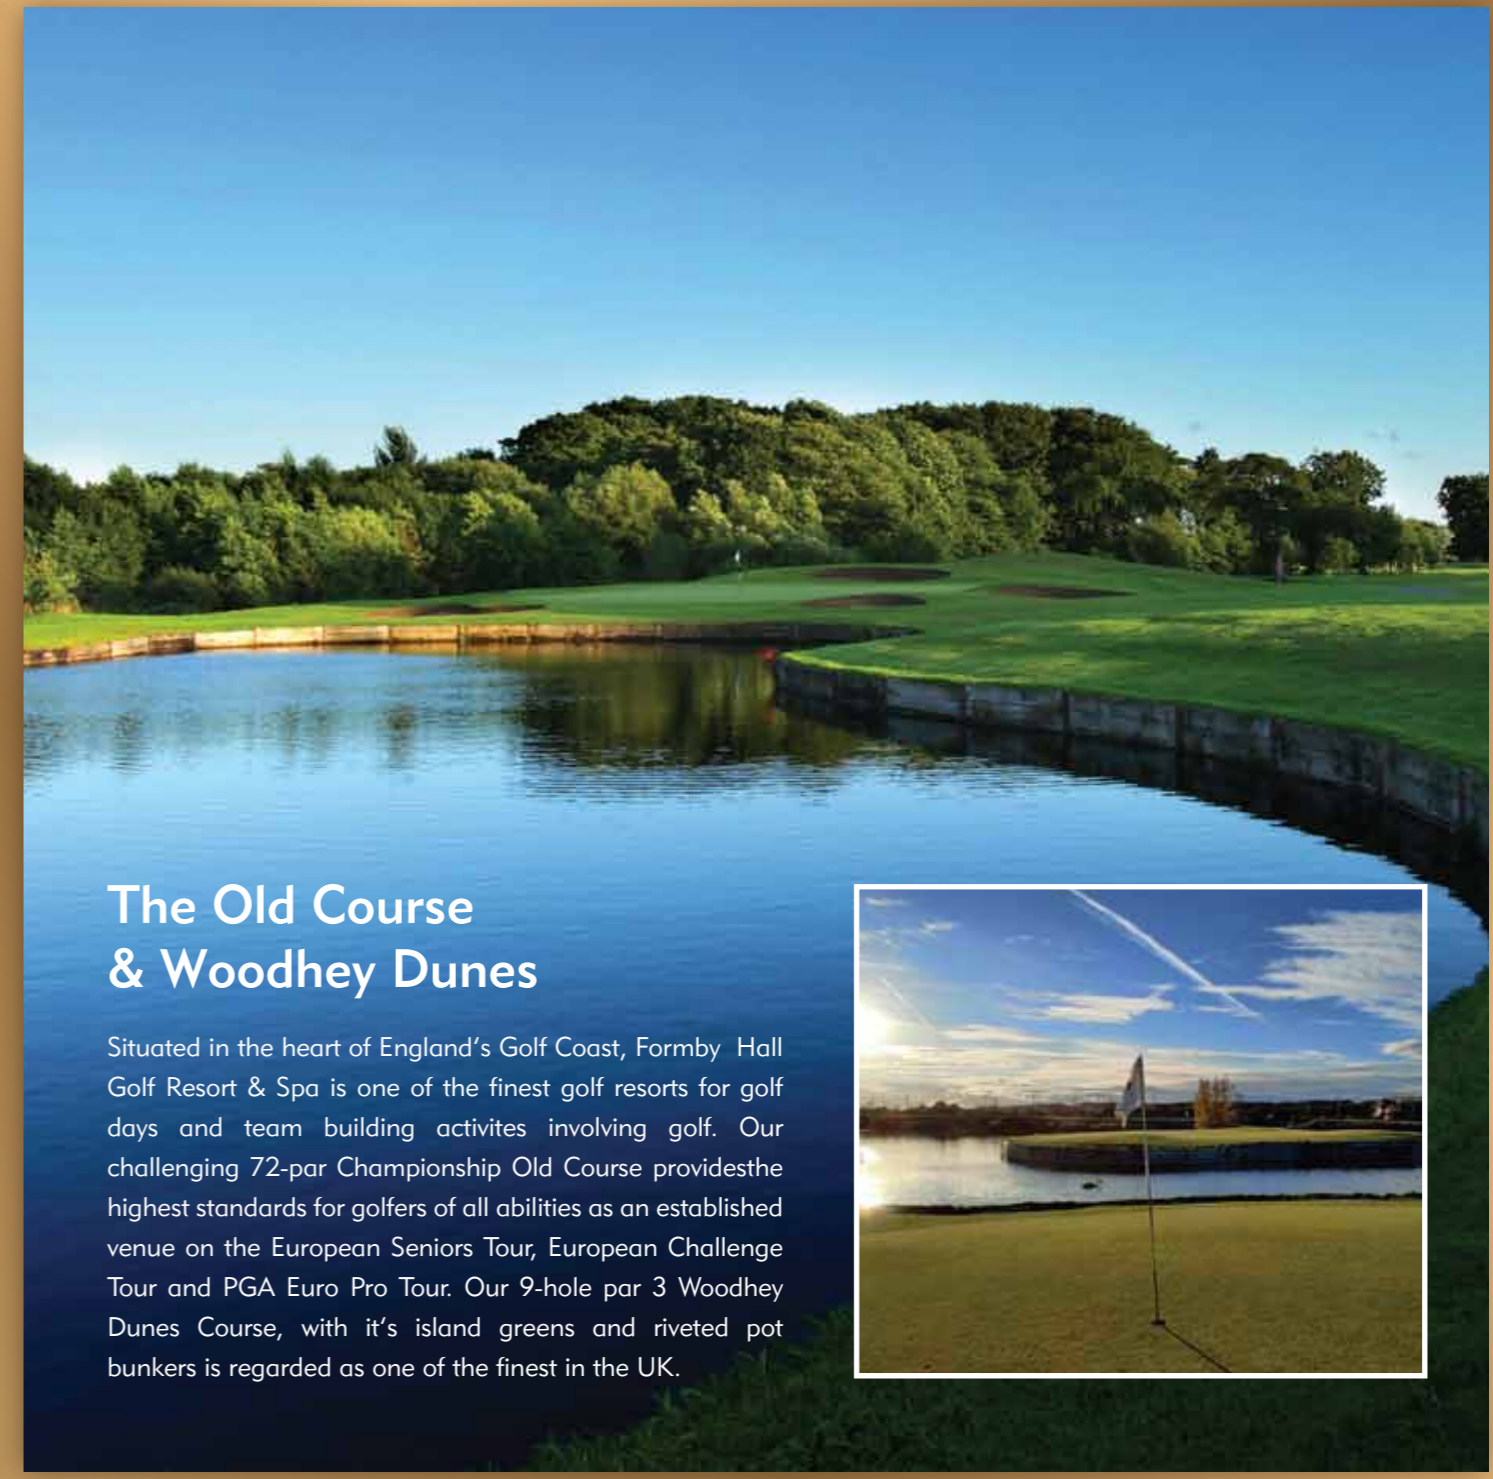

- Hollywood • Bollywood • 1920s • Vegas • Bond
- Wild West • Mad Hatters Tea Party

# GOLF & TOPTRACER RANGE

Toptracer Range's incredible technology traces every shot you hit on the driving range. Toptracer has a range of features including games and modes suited for all ages and skill levels. Play like a pro and track every shot you hit, take part in competitions and tee up on some of the world's most famous golf courses.

Toptracer is perfect for both the seasoned golfer and those who have never picked up a club before.

## The Old Course & Woodhey Dunes

Situated in the heart of England's Golf Coast, Formby Hall Golf Resort & Spa is one of the finest golf resorts for golf days and team building activities involving golf. Our challenging 72-par Championship Old Course provides the highest standards for golfers of all abilities as an established venue on the European Seniors Tour, European Challenge Tour and PGA Euro Pro Tour. Our 9-hole par 3 Woodhey Dunes Course, with its island greens and riveted pot bunkers is regarded as one of the finest in the UK.

# SUSTAINABLE EVENTS

### Bee Involved

Guests will have the opportunity to create one of the following with the materials we provide, Insect Hotel, Bird Feeder, Bee House or Bat Box.

### Charity Bike Build

Build a bike and then give the bikes to charity to sell, or to give to a children's charity to use in the playground. Our friendly crew is on hand to offer advice and encouragement where it's needed. The completed machine will be tested and certified by an engineer.

### Food Box Domino Course

Using foods and items to create a domino course around the room and then all items donated to a food bank afterwards. Be prepared to scream and cheer as the dominoes get closer to the finishing line. Believe us, it's a great sense of achievement when your team have created a successful dominoes rally.

### The Apprenticeship Challenge

Teams are given a balance to buy items from a list required for a charity – the winning team is the one with the most money leftover and the more items sourced from the list – the items are then given to charity.

### Wacky Wheels

Within teams, guests go head-to-head to find out which team can create the most dynamic, fastest vehicle using only the materials provided (which we make sure are recyclable).

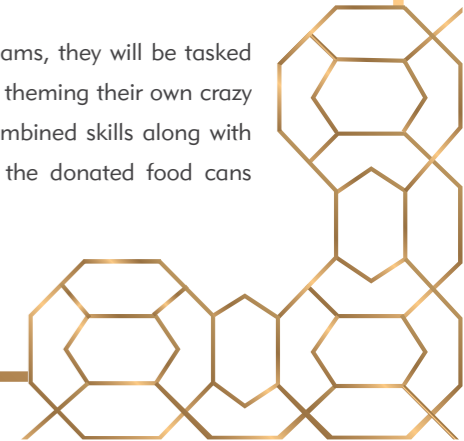

### Picasso Picture Show

To make this event more Eco friendly we would ask all participants to bring pieces of clothing they no longer wear and recyclable materials from around the house etc. Using their unwanted items, we will give guests an image to create within their teams.

### A Hole in One

Once guests are split into teams, they will be tasked with designing, creating and theming their own crazy golf hole using only their combined skills along with the materials provided and the donated food cans and boxes.
