MARK GREGSON

PGA QUALIFIED INSTRUCTOR

Mark turned professional in 2011 at the age of 19 after a spell as an amateur and went on to compete on multiple professional tours across Europe. He gained his full PGA status in 2022 after realising a new found passion for coaching. Marks coaching philosophy is built upon ball flight characteristics and what causes the ball to react in the way it does.

He explains things clearly and has a patient and friendly approach to coaching, putting the golfer at ease no matter their level or ability.
